

1 13. After Networks and Ventures purchased an equity interest in StudiVZ,
2 Facebook negotiated with Networks and Ventures to purchase their interests in
3 StudiVZ during May and June 2008. Those negotiations concluded without the
4 parties reaching any agreement in late June 2008.

5 14. Just after the negotiations broke down, on July 9, 2008, Facebook
6 wrote a demand letter to Networks and Ventures, threatening to sue based on the
7 exact same types of claims that Facebook had previously raised in Germany in June
8 2006 and January 2007 against StudiVZ, as discussed in the accompanying
9 declaration of Klaus Iikas.

10 15. All of Ventures' and Networks' employees, officers and directors
11 reside in Germany and speak German (or, in a few cases, another European
12 language other than English) as their native language, and all speak German as their
13 every-day language. Ventures and Networks perform their business almost
14 exclusively in the German language. As a result, almost all of its business
15 documents are located in Germany and written in the German language (and would
16 have to be translated, at huge expense).
